

OVER THE SEAS AND FAR AWAY

The missing verses to the seafaring ditty.....

Over the seas and far away
in Davey's locker here we stay
We'll never see the Sun nor Sky
All so alone and left to die.
I only ask remember me
Over the sea and far away

CHORUS

"Over the seas and far away"
The call of the sea caused me to
stray
So far from home and family
I only ask - "Remember Me"

Over the seas and far away
we're Neptune's citizens below
and Tides will Ebb and Tides will
Flow
No ports of call, nowhere to go.
I only ask remember me
Over the seas and far away.

CHORUS

"Over the seas and far away"
The call of the sea caused me to
stray
So far from home and family
I only ask - "Remember Me"

Over the seas and far away
Enjoy your future - while you may
We won't meet you at Fiddlers
Green
We've crossed the bar - no in
between
I only ask remember me
"Over the sea and far away".

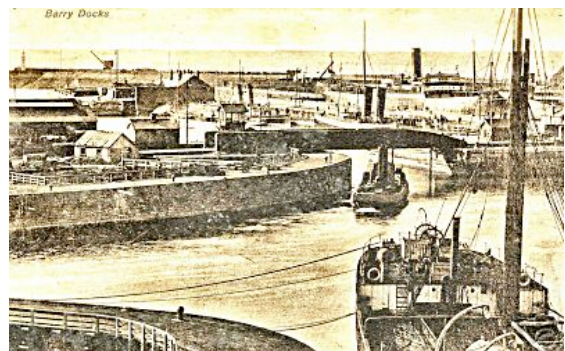

FINAL CHORUS.....

"Over the seas and far away"
The call of the sea caused me to
stray
So far from home and family
I only ask - "Remember Me"
